

Graduate Student Space Working Group

This Working Group is charged with conducting a programming study to create a shared vision of the specific functional needs of a dedicated graduate student space and determine a suitable on-campus location and configuration for this space. To be responsive to the report of the Committee on Graduate Education, this working group may also make recommendations regarding ways to use existing spaces across campus to more effectively meet graduate student space needs.

To offer comments or suggestions to this working group, please [complete this form](#). Note that you are able to submit feedback anonymously.
